LB 130 - 154

SENATOR CHAMBERS: Mr. Chairman, I have talked about this issue with Speaker Nichol and Senator Vard Johnson, who is Chairman of the Executive Board. It relates to the time frame established for making bill requests. Based on the way the rule is written, during the first three days, three legislative days, an unlimited number of requests may be offered. Between the fourth and the eight days, each senator may make one bill request. Well, it was not anticipated that there would be a day when we would not meet, which was yesterday, so I believe that a bill request could be made yesterday which would not count against the one bill which is offered between the fourth and the eighth, because yesterday was not the fourth or between the periods of the fourth and the eighth day. Neither Senator Nichol nor Senator Johnson said they had a problem with that, so I am making the Legislature aware of it because I offered a bill yesterday. That is all I wanted to say.

PRESIDENT: Thank you. Continue with the introduction of bills.
